

Quelle

```
graph LR; Quelle[Quelle] --> Kanal[Kanal]; Kanal --> Senke[Senke];
```

The diagram illustrates a three-stage process flow. It begins with a rectangular box labeled 'Quelle' (Source). A horizontal arrow points from this box to a second rectangular box labeled 'Kanal' (Channel). From the 'Kanal' box, another horizontal arrow points to a third rectangular box labeled 'Senke' (Sink). All three boxes are outlined with a thick black border, and the arrows are solid black lines with triangular heads.
